

Collected Knowledge & Wisdom on

Google Places

Provides:

This API provides...

Key Provisioning:

Pain factor (0=easy...5=nightmare): 

- Visit the [Google Cloud Platform Console](#).
 - Use a non-study email
- Click the project drop-down and select or create the project for which you want to add an API key.

Quotas:

- 150,000 free requests per day
 - Less if you don't set up a billing account

The Good:

- Relatively simple to follow
- Basic data is free
- The same API key can also be used for all other google APIs

The Bad:

- Has many filtering aspects, so it can get confusing

The Ugly:

- You have to create a google billing account so if you don't have a credit card... haha
